

### AiZ IP 4MP PTZ Camera

#### 4 MP Camera

| FEATURES                | DESCRIPTION                                    |
|-------------------------|------------------------------------------------|
| MODEL                   | AiZ-PTZ-5MP-iPD-36X-150M                       |
| MAKE                    | AiZ                                            |
| IMAGE SENSOR            | 4.0 MP HD CMOS                                 |
| IMAGE PIXELS            | 2560 x 1440 (4MP Resolution)                   |
| MINIMUM ILLUMINATION    | 0.0 Lux (B&W) / 1 Lux (Color)                  |
| DAY/NIGHT               | Automatic with IR Cut Filter                   |
| WDR                     | Digital Wide Dynamic Range                     |
| Lens Mount              | Fixed Lens Mount                               |
| Lens Type               | 5MP Lens                                       |
| Zoom                    | 36X Optical Zoom                               |
| Video Encoding          | H.264 / H.265 / S.265 Intelligent Video Coding |
| Video Bitrate           | Optical Stream < 5Mbps (960P)                  |
| Video Stream Resolution | 2560x1440@25fps                                |
| Audio                   | Built-in Audio Support                         |
| White Balance           | Auto                                           |
| Video Output            | RJ45 10M/100M Adaptive Ethernet Port           |
| Operating Temperature   | -10°C to +55°C                                 |
| Power Supply            | AC 12V / 5 Amp                                 |
| Ingress Protection      | IP66 Rated Weatherproof Housing                |
| IR/LED Range            | 6 Array IR LEDs / 100–150 meters               |
| Frame Rate              | 25fps                                          |
| Warranty                | 2 years                                        |
| Certifications          | RoHS/ISO/CE/FC                                 |
